THE ANGELUS OF PETER THE ROMAN

UPI DATELINE: Roma,

DATE: December 24, 2024

This evening, a wave of urgent news is breaking, brought to us by a number of anonymous whistleblowers who are thought to be senior figures within the self-styled organization recently dubbed the Cardinal's Mafia in ongoing church lawsuits.

Their accounts paint a chaotic picture of shocking developments that seem to be taking place behind the fortified gates of the financially troubled enclave once recognized as Vatican City.

The revelations are both alarming and compelling, suggesting a hidden world of intrigue and turmoil that is now coming to light.

than fifty former senior church officials and retired cardinals as nothing more than Lutheran propaganda, suggest that the public should disregard these claims. These critics argue that the Lutherans have long harbored grievances against the church, and they speculate that this could be a cunning maneuver by unnamed senior members of the Lutheran Conference to advance their agenda of acquiring Vatican City

during the impending bankruptcy liquidation sale, with plans to transform it into Rome's latest resort hotel and casino.

The correspondence reveals a series of discussions regarding the new Pope, whom the so-called Cardinal's Mafia Gang has taken to calling "The Roman."

During last Sunday's Mass, he called for a revival of the long-abandoned practice of canonical hours from the

Feudal Era, proposing it as a way to honor the fallen martyrs among us. He envisions this liturgical revival culminating in the somber tolling of the lynch bell every other Friday at noon, dedicated to his professed patron saint, the fair Pythoness. This figure, historically martyred by the early church fathers for her role as the high priestess of Apollo, is now recognized as far more astute than the ill-fated Trojan girl, Cassandra,

who faced her own cancellation for being a birthing person in the early “Me Too” Movement.
Cassandra had the audacity to reject Apollo's advances, asserting her identity as a Daughter of Eve rather than Lilith, and firmly stating her intention to wait for a proper church wedding before engaging in any romantic entanglements.

a potential patron saint for working women has sparked a lively debate. While some skeptics question the wisdom of this choice, arguing that it may trivialize the struggles faced by women in their daily lives, others find it invigorating to witness a Pope who openly embraces women's issues. This fresh perspective could serve as a strategic move to distance the papacy from the sordid tales of scandal that have plagued the Vatican, including

outrageous accounts of bishops behaving inappropriately within the hallowed halls of the Secret Library. Such narratives, often too scandalous for polite conversation, highlight the need for a more progressive and compassionate leadership that acknowledges the realities of modern life, rather than being mired in the shadows of past indiscretions.

Such narratives, often too outrageous to recount in polite company, highlight the stark contrast between the current leadership and the tumultuous past, suggesting a hopeful shift towards a more inclusive and understanding Church.
